MEMORANDUM FOR: Office of Logistics/Procurement Division

ATTENTION : Production Contracts Branch

SUBJECT : Request for Cost-Plus Fixed Fee Contract with [redacted]
[redacted]

1. It is requested that your office take the necessary action to establish a cost-plus fixed fee contract with [redacted] for the modification of fifty (50) portable radios as specified in the contractor's proposal attached hereto.

2. Funds in the amount of \$3,617.00 are to be made available to the contractor for this production, which shall be accomplished during a three months period of time. Costs should be charged against Allotment Number 0368-1960 Stock Procurement Account of TSD Material.

3. The cost quoted by the contractor is considered reasonable for the custom modified items. The contractor will be provided fifty radios, 100 battery packs, 50 dial light batteries, and 50 booster adaptors. The [redacted] has experience in this type of item and is qualified to test them.

4. The item per se is unclassified. Government interest may be shown. Agency interest is classified Secret and may be divulged only on a need-to-know basis to appropriate security approved personnel.

5. It is requested that the Contracting Officer notify the contractor in writing of these security classifications.

6. Additional information concerning the above request may be obtained by contacting the project engineer for this program, [redacted], Room 210, West Outbuilding, [redacted]

PROPOSAL
FOR THE
MODIFICATION
OF
RADIOS

29 April 1960

At the request of the Project Officer, this company proposes to undertake the modification of fifty portable radios. This will require the fabrication of aluminum

25X1

After preparation of these parts, they will be assembled in the radios for shipment. Each unit will be given a thorough optical and operational check, however, before shipment is made.

It is understood that the following parts will be government furnished for the contract: 50 Radios, 100 Battery Packs, 50 Diolite Batteries and 50 Booster Adapters (220 volts).

In view of several unknown factors which cannot be completely determined until this program is under way, it is suggested that this contract be written on a CPFF basis to cover a three months' working period. It is fully expected that the work can be completed within 45 days, however.
